

LAND TENURE STATISTICS FOR TASMANIA - at 1st JAN 2014

These statistics relate to the terrestrial part (excluding estuarine waters and land below HWM) of Tasmania including offshore islands including Macquarie Island. Areas have been calculated from LIST data sets and have been rounded to the nearest 1,000ha. Note that Reserves are generally proclaimed to Low Water Mark and may also include areas of State Waters therefore the given area may be less than the proclaimed area. There are approximately 42,000 ha of reserves on public land (excluding marine nature reserves) below HWM. Permission must be sought if these figures are to be quoted or incorporated into any report or publication by contacting: geodata.clientservices@dpipwe.tas.gov.au
